# Key Points

06/02 – 06/08

## Thursday-Sunday

- Near record high temperatures are expected across much of the state over the next several days.
  - Excessive heat is building into the southern half of the state, primarily over the deserts, with watches and warnings in effect Friday and Saturday.
- Enough moisture will move into the northern half of the state Sunday for isolated, mostly dry, thunderstorms Sunday and Monday.

## Monday-Wednesday

- No significant hazards expected.

# California OES Impact Threat Matrix

June 1, 2016 – June 8, 2016

| DAY/THREAT                    | THU | FRI | SAT | SUN | MON | TUE | WED |
|-------------------------------|-----|-----|-----|-----|-----|-----|-----|
| Fire Weather                  |     |     |     |     |     |     |     |
| Winds                         |     |     |     |     |     |     |     |
| Extreme Cold                  |     |     |     |     |     |     |     |
| Snow                          |     |     |     |     |     |     |     |
| Heavy Rain/<br>Flash Flooding |     |     |     |     |     |     |     |
| River Flooding                |     |     |     |     |     |     |     |
| Severe Weather                |     |     |     |     |     |     |     |
| Extreme Heat                  |     |     |     |     |     |     |     |
| Tropical                      |     |     |     |     |     |     |     |

|  |                       |
|--|-----------------------|
|  | High Threat           |
|  | Moderate Threat       |
|  | Slight Threat         |
|  | No Discernible Threat |

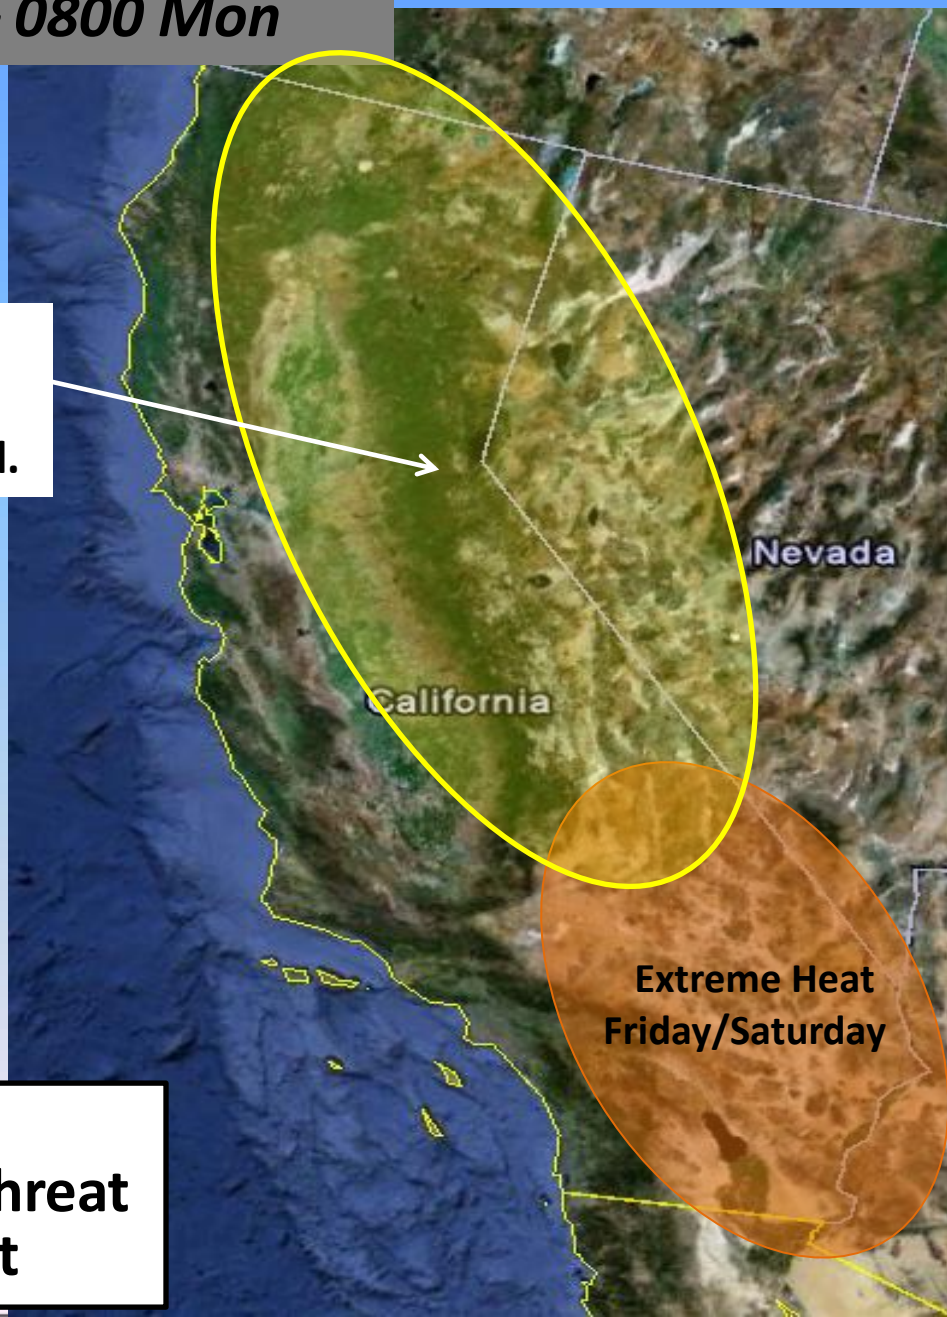

# Day 1-4 Weather Hazards

Valid: 0800 Thu – 0800 Mon

Near record to  
record high  
temperatures expected.

-  High Threat
-  Moderate Threat
-  Slight Threat

# Days 1-3 Precipitation Forecast

Precipitation (inches)

Thursday

Friday

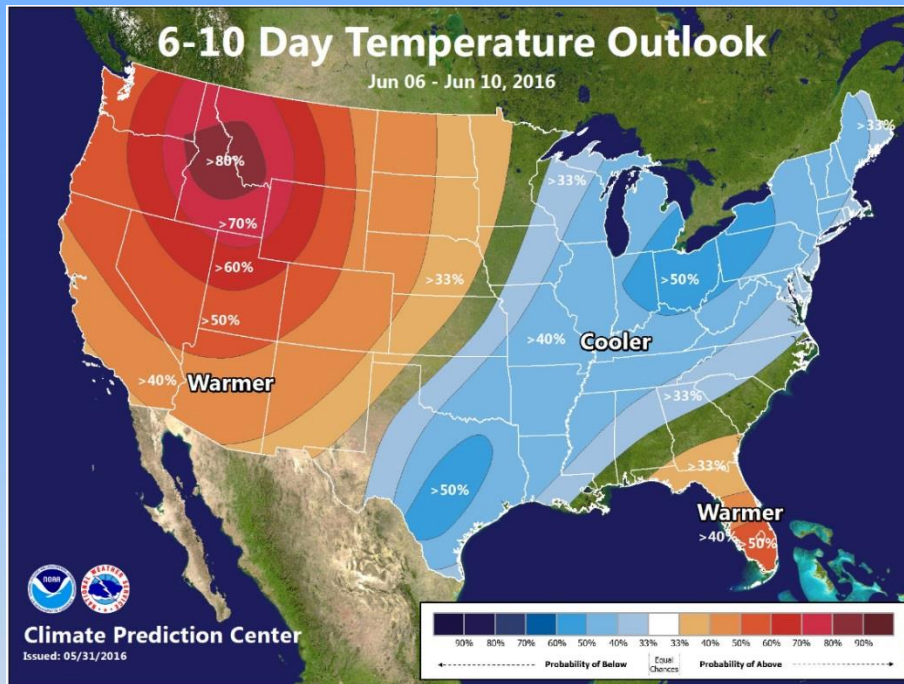

Saturday

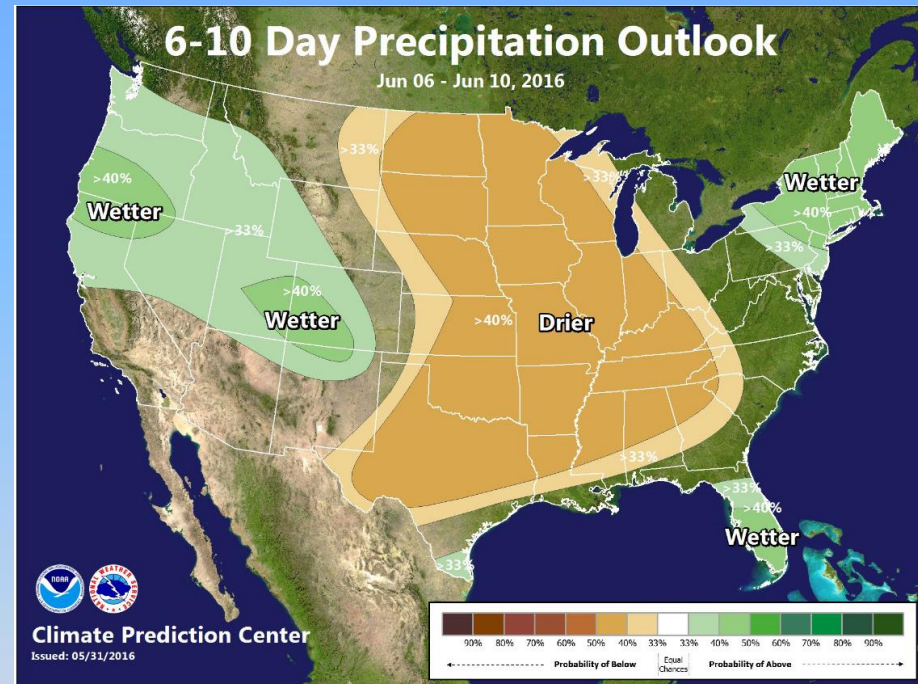

# 6-10 Day Outlook

## Temperature

## Precipitation

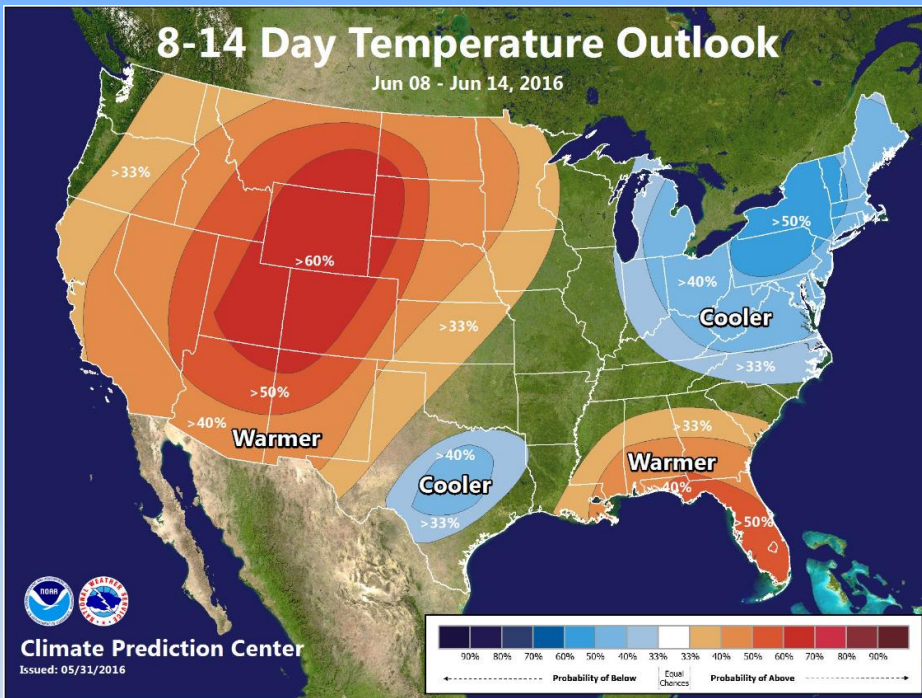

Warmer than normal temperatures favored for all of California in the 6-10 day range. Wetter than normal precipitation favored in the northern half of the state and near normal precipitation favored in the southern half of the state.

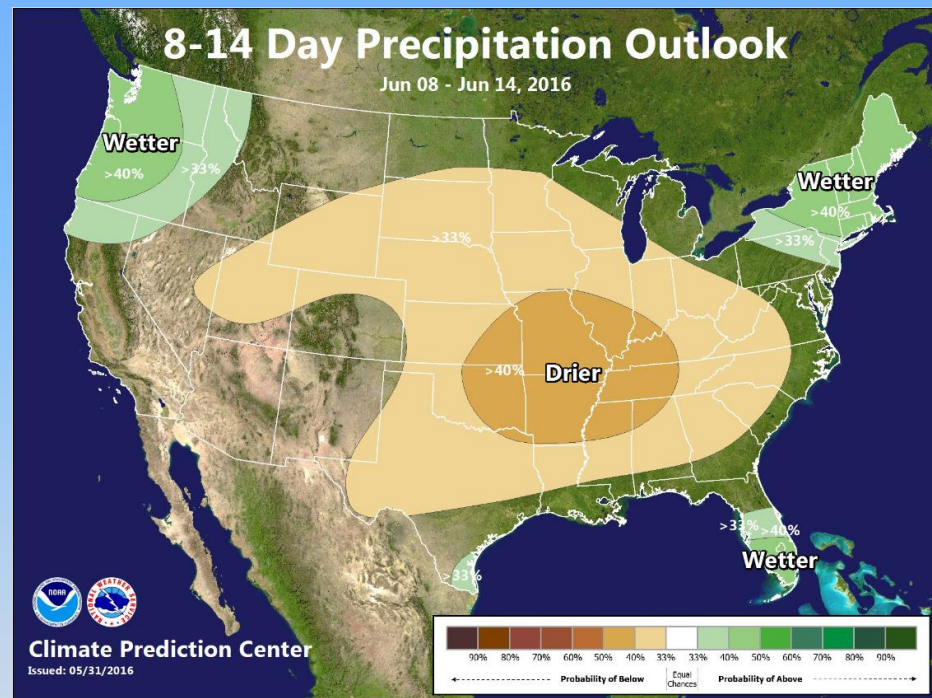

# 8-14 Day Outlook

## Temperature

## Precipitation

Above normal temperatures are favored for the state in the 8-14 day period. With the exception of extreme northern CA where precipitation is expected to be slightly above normal, near normal precipitation is expected state wide.
